

COMMISSION RATE & POLICY TABLES

Version 03 July 2024

COMMISSION TABLES

This document contains important information about rates of commission paid and circumstances where commission terms vary.

Note that while every care has been taken to ensure the accuracy of the content contained within this document, rates and policy may change without notice.

IMPORTANT

- Queries should be directed to either your BDM who will be happy to direct your query to the most appropriate area, or as follows to ensure they are dealt with by the most qualified person:
 - Commission Queries: commeng@ybr.com.au
 - Accreditation Issues: accreditation@ybr.com.au or your BDM
 - Compliance Matters: compliance@ybr.com.au
- The commission query inbox is centrally monitored and will generate an automated response to confirm receipt of your query. Shortly thereafter you will receive a personalised response which will advise who in our dedicated commissions team will be dealing with your query, as well as their contact details for liaison on the matter until it's resolution.
- If a commission adjustment is payable to you for reasons that have resulted from issues outside of our control, it will be paid in the subsequent commission payment following resolution of the query and receipt of the relevant commission from the lender, as long as the resolution comes at least 4 working days prior to the commission payment date. Any adjustments payable on matters resolved after this cut-off date will be included in the following month's commission payment.
- A commission query can be submitted by any individual. However, updates or outcomes can only be provided to an authorised commission contact or the agreement principal. To specify and authorise a commission contact, please email commeng@ybr.com.au and request a commission variation form.
- Please be aware that the commissions team is focused on reconciliation and processing of commissions from the 18th of the month up to and including the 2nd last working day of the month. If you submit a commission query during this period, our personalised response and/or investigation into the matter may be delayed.
- As it is the official policy of many lenders to have a query cut-off date for commission enquiries or claims, we can only accept commission queries in relation to commissions or payments that were or would otherwise have been paid, within 9 months of settlement of the facility. Any claims or queries submitted after this period date may not be investigated.
- As indicated above, best endeavours will be made to ensure the accuracy and of these tables on an ongoing basis and/or that variations made by Lenders and Suppliers are distributed by other electronic means as and when they become known to Yellow Brick Road Aggregation. However, from time-to-time Lenders and Suppliers will change their commission rates and/or policies without notice or with a delay in giving notice to Yellow Brick Road Aggregation and in those circumstances, the Lender's or Supplier's variations and policies shall prevail over the Commission Tables to the extent of any and all inconsistencies between them.
- All commission rates quoted in the body of this document are **GST inclusive** unless expressly specified to be GST exclusive.

Additional Information

UPFRONT & TRAIL

- Upfront commission will be based on the drawn balance, net of offset.
- Upfront commission for construction loans will be based on the total amount of credit approved.
- 0.693% upfront will be paid on increases of more than \$50,000 (the drawn balance net offset)

CLAWBACK

- 100% of the upfront will be repaid if the application submitted is misleading, fraudulent or otherwise in breach of Law.
- 100% of the upfront will be repaid if a broker does not comply with their obligations under the 86400 agreement in relation to the loan.
- 100% of the upfront will be repaid if the application referred to 86400 does not meet introducer accreditation requirements.

During this period, trail commission does not accrue and does not become payable upon the default correction.

Additional Information

UPFRONT & TRAIL

- Trailing Commission is calculated daily using the loan balance minus any offset balance (if applicable) and paid monthly.
- Upfront commission for new Adelaide Bank loans will be calculated based on the drawn amount less any offset as at the end of the month the loan settled. The same will apply for any credit increases of \$10,000 or more.
- There will be a monthly net loan balance review for the first 12 months of the loan. When the net balance of a facility has increased by at least \$20,000 between monthly reviews, ABL will pay further upfront commission (referred to as variation commission) if the loan balance has increased above the net loan balance they previously paid upfront commission on.
- Upfront and trails are paid on increases submitted by brokers.
- If a broker's client rings the bank and wants to increase their loan, the bank will do the increase on behalf of the broker and pay the broker trail.
- Upfront Commission on Go Between Loans will be calculated on the loan contract end debt amount. Minimum end debt of \$10,000 is required.

Additional Information

UPFRONT & TRAIL - AMP Bank commissions

1. Definitions

2.

Initial Commission means the commission paid by AMP Bank in relation to Settlement.

Net Facility Amount is calculated as follows and cannot be less than zero:

Net Facility Amount = the Facility limit - (any available redraw amount + linked offset account balances)

Net Facility Increase means the increase in the Net Facility Amount under a new or varied Facility, less the amount (if any) by which the amount of credit provided under an existing Loan with AMP Bank or any Related Body Corporate is reduced as a result of the provision of the new or varied Facility.

Settlement means AMP Bank successfully advances funds to the Customer pursuant to a new Loan agreement or a variation to a Loan agreement (not the Customer exercising redraw under a Loan agreement).

T+4 means 4 Business days after the day of Settlement.

T+180 means 180 calendar days after the day of Settlement.

Table 2 Products*	0.66%	0.187%
Table 3 Products	Nil	Nil

Upfront Commission

- Not paid on Deposit Products.
- For Loan Products, is calculated:
 - for a Facility used for construction purposes, based on the Net Facility Increase at Settlement
 - for a Facility used for other purposes, based on the Net Facility Increase at four business days after the day of Settlement and paid in the month after the calculation.
- If the total linked offsets are greater than the facility balance outstanding, the excess offset will be applied against any other facilities within the loan. This will impact upfront commissions. This rule will apply for the first 12 months after a loan has settled for loans settling on/after 1st January 2021. After 365 days the excess offset rule will not apply and commissions will be paid on loan utilisation balance
- If a loan is made up of facilities which do not offer offset e.g. line of credit, the excess offset in an eligible product will still be used to reduce the amount of commission payable for those facilities which do not offer an offset. (The rule does not apply to construction loans.)
- If a variation is done within the first year of a loan that is settled on or after 1st January 2021, the variation is included in this rule but the excess offset timeline doesn't reset.

Ongoing (trailing) commission

- Calculated at the end of each month and paid the following month.
- For Deposit Products, is calculated on the daily account balance in the product, unless it is conflicted remuneration in which case it will be nil.
- For Loan Products, excludes arrears over 60 days overdue, and amounts held in an offset account otherwise than were approved by AMP Bank.
- For Loan Products, commission is calculated daily on the Net Facility Amount.
- If the total linked offsets are greater than the facility balance outstanding, the excess offset will be applied against any other facilities within the loan. This will impact trail commissions. This rule will apply for the first 12 months after a loan has settled for loans settling on/after 1st January 2021. After 365 days the excess offset rule will not apply and commissions will be paid on loan utilisation balance
- If a loan is made up of facilities which do not offer offset e.g. line of credit, the excess offset in an eligible product will still be used to reduce the amount of commission payable for those facilities which do not offer an offset. (The rule does not apply to construction loans.)
- If a variation is done within the first year of a loan that is settled on or after 1 January 2021, the variation is included in this rule but the excess offset timeline doesn't reset.

Bonus Commission*

For Loan Products with an Initial Commission Rate, the Initial Commission Rate is increased by 0.05 percentage points if you are eligible for the Online Lodgement Bonus. You will be eligible for the Online Lodgement Bonus if AMP Bank determines that your Online Lodgement Rate for new Loan applications exceeds 75% in each three-month period commencing from 1 April 2020 ('a qualification period'). If AMP Bank determines that you are eligible for the bonus, the bonus will be paid on all Loans first provided (or the increase in limit of Loan accounts first becomes available) in the three months commencing from the next 1st July, October, January or April immediately following the end the qualification period. By way of example, should AMP Bank determine that you are eligible for the bonus in the qualification period from 1 July 2020 until 30 September 2020, then the bonus will be paid on all credit or increase in credit made available in the three months from 1 October 2020 until 31 December 2020.

- AMP Bank may reduce the Net Facility Amount on which commission would be paid on under a new or varied Facility, by the amount (if any) by which the amount of credit provided under any existing Facility or Loan with AMP Bank or any Related Body Corporate is reduced because of the provision of the new or varied Facility. This reduced amount is the 'Net Facility Increase'.
- If AMP Bank reasonably believes that the primary purpose of a transaction or a series of transactions have been structured to artificially increase the commission that would be payable (for example, by moving funds between Loans or Facilities to generate additional commission), it reserves the right not to pay commission. AMP Bank will seek to engage with the person who would receive that commission to understand the intent of those transactions and the benefit to the Customer before making any decision not to pay commission.

4. Adjustment and Variations to AMP Bank commissions

Commission payable in the period from up to T+180 and after T+180

Construction loan - monthly commission payments

- Initial Commission is calculated at Settlement and paid no later than the month after Settlement occurs.
- For a Facility used for construction purposes, on the last day of each month after Settlement, an adjustment will be made to reflect changes to the Net Facility Amount
- The adjustment is calculated in accordance with the following formula:

End of month adjustment = (Net Facility Amount at the end of a month - Net Facility Amount at the end of the previous month) × Initial Commission Rate

- The adjustment is calculated at the end of each month following Settlement, and any related payment subsequently made, until the Facility is fully drawn or the construction Loan changes to another type of Loan.

Facilities other than for construction purposes

If there is a Settlement in relation to a Facility within T+180:

- there will be no adjustment at T+180 from the previous Settlement; and
- the date of the Settlement under clause 3.2.2 constitutes a new T in relation to that Settlement (including for the adjustment to Initial Commission under clause 4) and the following calculation occurs at the new T+4:

Facility variation adjustment = (Net Facility Amount - Net Facility Amount at the previous Successful Application) × Initial Commission Rate

A positive amount is paid by AMP Bank. A negative amount may be offset against commission that would otherwise be paid by AMP Bank.

- If a Facility is varied after T+180, if the previous Settlement of the Facility was before 1 January 2019, clause 5 applies.
- If a Facility is varied after T+180, if the previous Settlement of the Facility was on or after 1 January 2019, the following calculation will apply at T+4:

Facility variation adjustment = (Net Facility Amount - Net Facility Amount at the later of T+180 or the previous Successful Application) × Initial Commission Rate

In each case, a positive amount is paid by AMP Bank. A negative amount may be offset against commission that would otherwise be paid by AMP Bank.

- If a Facility is part of a Loan - When an adjustment is made to a Facility AMP Bank may calculate the commission payable on each Facility that comprises the Loan. The calculation for each Facility that comprises the Loan is totalled and:
 - a positive total amount will be paid by AMP Bank.
 - a negative total amount results in no further payment being made by AMP.

5. Adjustments to Initial Commission at T+180

- This clause does not apply to a Facility for a construction purpose or to an internal refinance of a Facility.
- If there is no Successful Application in relation to a Facility in the T+180 period, an adjustment will be made at T+180 to reflect changes to the Net Facility Amount over that period.
- The T+180 adjustment is calculated in accordance with the following formula:

T+180 adjustment = (Net Facility Amount at T+180 - Net Facility Amount at T+4) × Initial Commission Rate

A positive amount is paid by AMP Bank. A negative amount may be offset against commission that would otherwise be paid by AMP Bank.

6. For a Facility with a Settlement before 1 January 2019

The following calculations will apply:

6.1 On the first variation in the contractual limit of a Facility:

Facility variation adjustment = (Net Facility Amount – previous Facility limit) × Initial Commission Rate

6.2 On any subsequent variations made within 180 calendar days of the variation in clauses 5.1 or 5.4:

Facility variation adjustment = (Net Facility Amount - Net Facility limit at the last Settlement before 1 January 2019) × Initial Commission Rate

6.3 If there is no variation for 180 calendar days after a variation in clause 5.1:

Facility variation adjustment = (Net Facility Amount - Net Facility limit at the last Settlement before 1 January 2019) × Initial Commission Rate

6.4 If there is no variation for 180 calendar days after a variation in clause 5.2 or 5.3:

6.5 Facility variation adjustment = (Net Facility Amount - Net Facility limit at the last Settlement before 1 January 2019) × Initial Commission Rate

In each case, a positive amount is paid by AMP Bank. A negative amount may be offset against commission that would otherwise be paid by AMP Bank.

Additional Information

UPFRONT

	Structure
Base Upfront Commission	0.6875%
Additional Commission - ANZ pay additional commission on a per loan basis calculated based on loan to value ratio (LVR) which must be 80% or less	0.0275
Maximum 'Total' Upfront Commission	Up to 0.715

- Upfront is calculated on the drawn amount of applicable loan, net of linked offset and/or redraw funds paid out of the principal.
- Upfront is calculated on the 10th day of the month following drawdown.
- ANZ will pay commission on the 15th day of the month following the drawdown.
- A monthly top up payment (Utilisation commission) will be paid on additional utilisation of those offset or redraw funds, based on the lowest offset and/or redraw balance for that month, for 12 months after settlement. Upfront will be paid online of credit products including ANZ Line of Credit and ANZ Portfolio Loan calculated based on 75% of the approved facility limit.
- In the case of a loan product that is a refinance of an existing ANZ loan that was previously introduced by a broker, upfront will be based on the difference between the existing.
- loan amount and the new increased loan amount, where it is an ANZ Home Loan; or 75% of the difference between the existing approved limit and the new increased approved limit where the loan product is an ANZ Line of Credit.

TRAIL

- Base Trail commission is 0.165% from years 1 to 3. Year 4 on 0.22% for the life of the loan.
- Trail will not be paid on loans that are in arrears for thirty (30) days or more.
- Any amounts held in an offset account will be deducted from the loan balance each month, with trail calculated on the net loan balance.
- Trail for Easy Start Loan is calculated on the daily balance less the daily balance of each ANZ Easy Start home and residential investment loan (Easy Start Loan), during the first 12 months from the date the Easy Start Loan is drawn down.
- Trail will not be affected by a minor increase in lending under an existing loan product, regardless of whether the borrower applied for the increase through the bank direct or the broker who wrote the original loan. A minor increase in lending is where an increase is no greater than 33% of the original loan amount.
- Where a loan increase is greater than 33% of the original loan amount and the application was introduced by the broker who originally wrote that loan, the broker's entitlement to the trail fee will not be affected. If the request for the increase is made direct through the ANZ Bank, the broker will no longer be entitled to a trailer fee on the loan product.
- Any other variations to a customer's loan product (for example, product switches or principal reductions) will not affect the broker's entitlement to a trailer fee.

CLAWBACK (payable on all Residential Loans)

Paid out Period	Percentage of Upfront Clawback
0 to 12 months	100%
Above 12 to 15 months	50%
Above 15 to 18 months	25%

- Where an offset account is linked to a loan product on a day which is after the 10th day of the month immediately following the month during which that loan product was drawn down, and before two months after the 10th day of the month immediately following the month which that loan product was drawn down, ANZ may recover a percentage of the upfront commission paid to the broker in respect of that loan product. The ANZ bank will determine the amount to be recovered by recalculating the upfront commission to include the loan proceeds disbursed to the offset account as if they were disbursed at draw down of the loan product.

If a loan is then brought back within compliance with its terms and is no more than thirty (30) days in arrears, commission trail shall again apply, but only from the next calendar month.

Additional Information

UPFRONT

- Upfront commission is paid on the facility limit and is calculated/payable as at first funding (within the monthly batch). In the event a loan does not fully settle/drawdown and the surplus funds are cancelled (for example, a construction loan where the client decides to make a lump sum payment to the builder instead of drawing on the loan), we reserve the right to clawback on the undrawn cancelled portion of the loan.
- Broker Introduced Further Advances will form part of the new book and will receive the Initial Referral Fee based on the net increase.
- Other Further Advances, in respect of loans, shall generate no initial Referral Fee in respect of that Other Further Advance.

TRAIL

- No trail shall be paid in respect of an existing loan or a new loan where another Further Advance is made in respect of that loan.
- Auswide Bank may, in its absolute discretion, continue to pay trail commission to a broker where Auswide Bank has provided another further advance through its branch network but shall not be required to make such payments. Auswide Bank in using their discretion, may have regard to such circumstances with the terms of the agreement with Connective, including level of compliance by the broker and the number of borrowers successfully referred in the past to the lender by the broker.

CLAWBACK

- Auswide Bank may offset against subsequent Initial Referral Fees or Commission Trails, in respect of other loans, the refund due.

Additional Information

UPFRONT

- Upfront Commission is payable on principal increases (new money) and is only payable with respect to loans of \$100,000 and above.
- Calculated as 0.55% (incl. GST) of the loan limit of the loan up to \$10,000,000 and where the Bank collects a minimum 0.20% loan application fee, or 50% of the loan application fee collected by us on individual loan applications above \$10,000,000,
- Upfront commission is calculated on the loan balance as at 5th day of the month immediately following the month during which the loan was drawn down.
- If the loan is a progressively drawn down loan the upfront commission will be paid on the loan limit at the 5th day of the month immediately following the month during which the loan was drawn down.

- If the bank directly refinances a Financial Service (but not a consumer Bridging Loan) the bank will continue to pay the broker trail commission on the portion of the loan introduced by the broker
- If the broker is an outgoing broker, the broker's entitlement to commission in respect of the Financial Service (but not a Consumer Bridging Loan) is terminated with effect on and from the first day of the month in which the Refinancing occurs.
- Should a new limit be established as a result of combining loans/limits or splitting loan/limits etc. the trailing commission on the restructured funds will continue on the existing trail as at the time of the previous loan closing This will only apply where the aggregator (broker) is the same on both the original loan and the new loan with restructured funds; and upfront commission will continue to be paid only on the new funds.

Suspension of Commission: Bankwest may stop paying commission in respect of all applications submitted by a broker if the bank has reasonable grounds to believe that the broker has:

- Acted fraudulently or unconscionably.
- Made misleading or deceptive statements.
- Withheld material information from the bank or client.
- Failed to disclose any commissions payable in connection with the mortgage to the client, or
- Ceased to hold any authorisation.

CLAWBACK

- The bank may, at its discretion, pay to the broker a commission in respect of applications accepted by the bank for equity lines, based on the credit limit of an equity line even though no funds have been disbursed from the equity line or drawn down by the customer.
- If after 12 months of the bank making an Equity line or other similar facility available for draw down by a customer, the customer has not drawn down on that Equity line or has drawn less than 75% of the credit limit of that Equity line, then the bank is entitled to seek from the broker, within 60 days of expiration of that 12-month period, a refund of the commission paid by the bank in respect of the application for that Equity line.
- If an Equity line is refinanced before the expiration of the 12-month period and the customer does not draw down on that Equity line or has drawn less than 75% of the credit limit of that equity line following the refinancing, the broker must still refund the commission it has received from the bank during the 12-month period in respect of the application for that Equity line, notwithstanding that the Equity line has been refinanced.
- The refund shall be calculated as follows: $R = C - (C \times D/L)$ Where
 - R = refund of commission the bank may seek
 - C = commission paid in respect of the Equity line application
 - D = maximum amount drawn down on the Equity line at any time during the 12-month period commencing on the date on which the bank made the Equity line available for draw down by the customer; and
 - L = credit limit for the Equity line
- Twelve Month Review: Where the loan amount disbursed is less than \$3 million, Bankwest will review each eligible home loan approximately 12 months after the date that any part of the amount of credit or maximum amount of credit has been advanced (settlement date). If, as at the date which is 12 months after the settlement date the highest average monthly balance of the relevant eligible home loan less the average daily balance of any linked offset account over this 12-month period has changed by \$20,000, the commission originally paid will be adjusted to an amount equal to 0.715% of the new highest average monthly balance of the home loan less new average balance of any linked offset account.

Where the new highest average monthly balance less average daily balance of any linked offset account has decreased by \$20,000 or more, then broker must refund an amount equal to the difference between the original commission and the adjusted commission calculated. Where the new highest average monthly balance less the average daily balance of any linked offset account has increased by \$20,000 or more, Bankwest will pay the broker an amount equal to the difference between the original commission paid and the adjusted commission.

- Where Bankwest consider (in their absolute discretion) that they approved a Facility as a result of a Facility application that contained fraudulent documentation and/or materially false information then the broker will
 - Refund to Bankwest total amount of commission and Upfront Amounts as well as any other amounts paid to the broker in respect of that facility.
 - The broker will not be entitled to any further payments in respect of that Facility, regardless of whether the broker was aware or not that any document was fraudulent, or any information was false.
 - Will cease to pay Commissions and Upfront amounts on any facility whatsoever introduced by the broker concerned.
- Bankwest may cease to pay in relation to Facilities introduced by a broker if that broker acted dishonestly or fraudulently.
- Bankwest will not pay an Upfront Amount or Trail Commission for an extension or in respect of any increase of the limit or amount of an existing Facility provided to a client unless the broker is the effective cause for the provision of that extended or increased limit or amount and the extension or increase is not less than \$50,000.
- In the case of a Facility approaching maturity the broker will not receive any Upfront Amount or trail Commission unless the broker has initiated and are the effective cause of the establishment of a replacement facility.

OTHER

- If the broker charges or may charge a customer a fee for submitting a Facility application to Bankwest (whether a brokerage fee or application fee or any other type of fee) broker must obtain written acknowledgement signed by each client acknowledging that such fee will or may be payable by the client.

- Upfront Commission for each Loan is based on the initial principal sum of the Loan net of any funds held in offset accounts or available via redraw and calculated at the end of the month in which the loan settles.
- Upfront Commission payments are paid by the 15th of the month following the month in which the loan is settled. 12 months after the date of settlement, a subsequent check is undertaken. If the utilised loan amount has increased by \$50k or more a further upfront commission on the difference will be paid.
- Trail Commission for each Loan is payable to you on a monthly basis by the 15th day of each calendar month for the previous month's activity.
- Trail Commission is calculated by multiplying the Trail Commission rate by the average balance of the principal outstanding as at the last business day of the month.
- Where a further advance is provided to a borrower on an existing Loan, the Upfront Commission is payable on the net increase amount, not the new approved credit limit. Trail Commission is calculated on the new outstanding balance.

Citibank will cease paying trailing commission: If the customer is 30 days or more days overdue in making payment of any amount. It may only be reinstated when the customer's account has no payments or charges outstanding and is brought up-to-date and remains up to date for 30 days. If the customer is 30 or more days overdue in making payment of any amount twice within a 6-month period, payment of trailing commission to the broker in relation to the approved loan ceases entirely.

Additional Information

UPFRONT

- Upfront commission is calculated and paid on the drawn down loan amount net of offset savings account determined seven (7) days after the settlement at the upfront commission rate. Will not pay any commission for a bridging loan that a broker may refer to Citibank.

TRAIL

- Trail commission is calculated on the principal balance on the last day of each calendar month.
- Where a customer has an offset account as part of their mortgage product, for the purpose of calculating trailing commission payable, the principal balance will be reduced by the amount of the funds that are contained in the offset account on the day that the principal balance is determined.
- Where trailing commission is payable during the month in which the mortgage product was settled, trail will be paid pro-rata on the number of days after settlement remaining in the month.

VARIATIONS

- If an approved loan is varied following an application for variation made by the customer which was referred and submitted by the broker then they will receive (i) upfront commission calculated on the amount by which the draw down amount has increased prior to the variation taking effect (original draw down) payable in the month following the month in which the variation took effect (net of any new loan offset savings account balance 7 days after settlement; and (ii) Trailing commission on the approved loan (net of loan offset savings account balance) for any remaining trail period for that approved loan.
- If the Variation is referred by another broker, the broker who originally submitted the loan will not receive the upfront commission on the variation nor any trailing commission on the approved loan for any remaining trail period for the approved loan.

- In addition to Upfront Commission paid in accordance with the above table, you may be eligible for an additional one-off Upfront Commission payment if the aggregate balance of all linked Offset Account(s) at closing on Day 14 is \$20,000 greater than the daily average aggregate balance of all linked Offset Account(s) from Day 15 up to the first anniversary of the settlement of the New Money (including Top Up). The additional Upfront Commission will be based on the average balance between Day 14 and the first anniversary of the settlement, calculated daily, of all linked Offset Account(s) in accordance with rates specified (excluding Viridian Line of Credit and Construction Loans) and payable within 28 days following the first anniversary of the settlement of the New Money (including Top Up).
- Upfront Commission rate may be reduced where the New Money equals or exceeds \$3,000,000.00.
- For the purpose of calculating Trail Commission, the Balance Outstanding is:
 - the net balance of the home loan account (including any additional advances made under a Top Up or Product Switch) as at the end of each month
 - less the credit balance as at the end of that month of any Offset Account which is linked to the home loan on which trail is being paid.

- Trail Commission will not be paid to a broker when:
 - Loans or facilities are in excess of their limit.
 - Loans that are refinanced under or transferred to another Commonwealth Bank Business Unit because of a customer-initiated request.
 - Loans that are refinanced or switched to a different product type by another aggregator group or the broker of another aggregator group.
 - Loans that are repaid
 - Loan that are refinanced by an external lender or party.
 - loans where a Top Up of the Loan Account is introduced by another intermediary group or the Nominee of another intermediary group.

CLAWBACK

- Clawback will not apply where the customer experiences hardship, and assistance is provided under the Repayment Alert Program and this leads CBA to refinance or restructure the loan.
- If, CBA pay Total Upfront Commission in relation to any Banking Product which is secured by a mortgage over residential property/ies and within 12 months of the first disbursement, the loan or line of credit, in respect of which commission was paid, is partially reduced due to the proceeds from a property sale, broker must refund a proportion of the commission paid to the broker, being the same proportion that the repayment amount relates to the loan amount/credit limit on which CBA paid commission (subject to any deduction for amounts refinanced and amounts they did not pay commission on).
- Clawback will not be applicable for any funds deposited back into linked offset accounts.

- The initial upfront commission will be based on the utilisation of funds calculated by taking the drawn down amount, net of any funds in redraw, in advance or an offset account. The calculation will occur on the last day of the calendar month when the loan settles.
- Subsequent Upfront Commission – on the 12-month anniversary from initial upfront commission a subsequent upfront commission will be paid on the difference in the amount of unutilised funds between the initial and the subsequent calculation, but only if the difference is greater than \$20,000.
- For Construction loans, upfront will be payable in two instalments:
 - Instalment 1, calculated as a percentage of the initial principal amount advanced during the preceding calendar month e.g. initial drawing to facilitate purchase of land
 - Instalment 2, calculated as a percentage of the balance of the total contracted loan amount after deduction of the initial principal amount advanced, and payable should the second loan drawing i.e. under an approved fixed price building contract, be completed in the preceding calendar month.
- Where a loan contract providing Progressive advance arrangements (excluding Construction Loans) has been agreed by Gateway, Upfront will be calculated as a percentage of the principal amounts advanced on each occasion until the sum of amounts advanced equals the contracted loan amount or as otherwise determined by Gateway at its sole discretion.
- Trail commission is calculated on the average daily outstanding principal balance of the loan during the preceding month.
- Where 100% loan offset arrangements apply, trail will be calculated on the net average outstanding principal balance of the loan during the preceding month i.e. loan balance minus offset account balance.

- Upfront commission is calculated on the fifth day after settlement by applying the percentage set out under the Commission Payments section of this Schedule to the principal balance owing (net of any offset balance) on the Settled Loan.
- Loyalty Commission is paid when an existing borrower accepts a reduction to their current interest rate and this process is managed by Liberty direct with the customer and not the Sub- Introducer or Introducer. This commission is calculated by applying 0.165% (inclusive of GST) divided by twelve to the minimum principal balance owing on the relevant Settled Loan account.
- Commissions payments are dependent on the risk grade Liberty assigns to a loan.
- Trailing Commission payments will stop 35 days after the issue by the Lender to a borrower of a Settled Loan of a letter of demand, whether demanding the rectification of a monetary or non-monetary default, and where the borrower does not rectify the default within 31 days of the issue of the letter of demand. Where this occurs, the Trailing Commission payments will not be paid under any circumstances.

UPFRONT & TRAIL

- Payments will vary depending on whether the loan is secured by an Australian Business or real estate mortgage. You can choose to specify your Upfront Commission or Trailing Commission up to the Maximum Percentage, or to fix your Upfront Commission or Trailing Commission and be paid at the Fixed Percentage (as set out in the table below). If you choose to fix your Upfront Commission or Trailing Commission, you will be paid at the Fixed Percentage unless this amount is varied in accordance with the Universal Introducer Agreement.

Product Group	Commission Type	Maximum Percentage	Fixed Percentage	Payment Schedule
Commercial Mortgages	Upfront Commission	2%	0.75%	5 days
	Trailing Commission	2%	0.35%	10 days ¹
Australian Business ²	Upfront Commission	2%	0.75%	5 days
	Trailing Commission	2%	0.25%	10 days ¹

1 Where a settled loan is a direct result of an Application refereed by you to us with all other trailing commission paid monthly in arrears; 2 Where a settled loan is Lift or Business Care, the upfront commission is 1% or 0.45%, respectively, with no trailing commission to be paid on either product.

- Trailing commission payments will stop 35 days after the issue by the Lender to a borrower of a settled loan of a letter of demand, whether demanding the rectification of a monetary or non-monetary default, and where the borrower does not rectify the default within 31 days of the issue of the letter of demand. Where this occurs, the trailing commission payments will not be paid under any circumstances.

CLAWBACK – Australian Business Only

For Loans repaid in full after the first 12 months but on or before 18 months from the date of the initial advance of the Loan, the Aggregator must pay back to MA Money 50% of any Upfront Commission paid to the Aggregator.	No Trail Commission will accrue in respect of Loans during any period the Loan is in default. Once any default is rectified, Trail Commission will commence again but will still not be paid for the default period.

Additional Information

UPFRONT

- Where a Loan is provided by MA Money for construction purposes, Upfront Commission is paid:
 - if for acquisition of loan, on the value of the initial drawdown of the loan; and
 - where building commences, on the final draw down of the Loan monies.

- Upfront Commission on a Loan will be “topped-up” by MA Money, where the drawn down balance of Loan has increased e.g. if a \$500,000 Loan is drawn to \$400,000 on the initial drawdown of the Loan, an Upfront Commission is paid by MA Money on the Loan value of \$400,000 .If during 12 months, the same Loan is drawn to its maximum \$500,000 limit, the Aggregator will be entitled to a “top-up” Upfront Commission for the additional \$100,000 drawn down.

Clawback

- In calculating clawback each new advance to a borrower of a Loan will be treated as a separate Loan if any upfront Commission has been paid in respect of that further advance. The clawback provisions are calculated net of offset funds linked to the Loan (except for construction Loans).

For avoidance of doubt, there will be no reimbursement of any trail fee during the periods outlined in this paragraph.

Additional Information

UPFRONT

- Upfront calculated on loan account balance (net of any offset balances) rather than full loan limit, 10 days after settlement.
- Upfront for a Construction Loan is calculated on the approved credit limit.
- After 12 months, Macquarie will look at each loan account balance and pay an additional commission on the difference between the current loan account balance (net of any offset balances) and the loan account balance used in the initial upfront calculation (net of any offset balances) as long as the amount is greater than or equal to \$50,000.
- A Variation Fee is calculated for each completed referred variation which increases the principal loan amount as follows.
 - For a principal increase of less than or equal to \$40,000 – a fixed fee of \$220 (incl. GST) will be paid.
 - If there has been a principal increase, for each loan, upfront will be calculated based on current upfront commission rate, on the amount of increase.

TRAIL

- Trail is no longer payable when the principal amount of the New Product Loan is below \$10,000.
- Trail for each loan, for each calendar month, is calculated on the average daily balance from the settlement date.
- Trail will cease when Macquarie suspects on reasonable grounds that the broker has contributed or is found guilty of any act of deceit, dishonesty, fraud or illegal activity. For avoidance of doubt, there will be no reimbursement of any trail fee during the periods outlined in this paragraph.

- The Initial Fee for each Loan will be paid on or by the 15th Banking Day of the month following the month in which Settlement occurred (or more frequently as may be determined by Macquarie). The Initial Fee (Upfront) is calculated on the approved credit limit of the Commercial Loan on Settlement. For the Initial Fee to be paid, the minimum drawdown of the Commercial Loan must be equal to, or greater than, 50% of the approved credit limit of the referred Commercial Loan at the time of Settlement.
- For loans less than \$500K, no upfront is paid.
- For loans from \$500K up to \$3M, upfront is negotiable up to 0.55% of the approved credit limit.
- For loans greater than \$3M, the upfront is negotiated on each loan subject to a minimum of \$15,000.
- The Trail Fee is no longer payable when the principal amount of the New Product Loan is below \$10,000.
- If a variation increases the New Product amount by less than or equal to \$100,000, amount paid to the broker is \$220 (incl. GST).
- If a variation increases the New Product amount by greater than \$100,000, the amount paid to the broker will be an amount equal to the upfront that would have been payable if the variation had been a New Product loan equal to the increase in the loan amount.

Additional Information

UPFRONT

- An Initial Upfront Commission is payable calculated based on the "Initial Commission Balance" of the settled loan amount, less any available credit balance that is held by the customer in a linked offset and/or redraw account calculated 3 business days from the loan settlement date.
- Upfront is not payable on transfer of loans to new properties.
- A further commission is payable based on the amount that the Interim Commission Balance exceeds the Initial Commission Balance (if at all). The "Interim Commission Balance" is the maximum amount of the settled Loan amount, less any available credit balance that is held by the customer in a linked offset and/or redraw account calculated 3 business days from the day which is 6 months from the loan settlement date.
- Interim Commission is only payable if the Interim Commission Balance exceeds the Initial Commission Balance by \$10,000 or more.
- Upfront commission will be paid on the Top Up amount (but only if the Top Up amount is \$50,000 or more), no Interim Commission or Final Commission will be paid on the Top Up amount.
- Interim Commission is not payable on Top Ups.
- A further commission is payable based on the amount that the Final Commission Balance exceeds the Initial Commission Balance or the Interim Commission Balance (if at all). The "Final Commission Balance" is the maximum amount of the settled Loan amount, less any available credit balance that is held by the customer in a linked offset and/or redraw account calculated 3 business days after the one year anniversary of the loan settlement date.
- Final Commission is only payable if the Final Commission Balance has increased from the Initial Commission Balance and/or the Interim Commission Balance (whichever was the greater) by an amount of \$10,000 or more.
- Final Commission is not payable on Top Ups.
- If a Top Up is approved and made available to the Customer within 365 days of the initial settled loan, Upfront Commission being a flat fee of \$800 will be paid on the Top Up amount (but only if the Top Up amount is \$50,000 or more), less any available credit balance that is held by the Customer in a linked offset and/or redraw account calculated 3 business days from the date of the Top Up.
- If a Top Up is approved and made available to the Customer within 365 days of the initial settled loan, Upfront commission will be paid on the Top Up amount (but only if the Top Up amount is \$50,000 or more)

TRAIL

- Trail commission accrues from day one of the loan.
- If another mortgage broker introduces a variation or principal increase to a loan, trail commission will cease to be paid to the broker who originally submitted the loan.
- Where a borrower has an offset account, trail is calculated each month on the outstanding daily loan balance less the daily balance of available funds in the borrower's offset facility.
- If a Top Up is approved and made available to the Customer after the initial settled loan, trail commission will be paid on the outstanding Loan balance (irrespective of the Top Up amount).

- Upfront commission for a new loan is calculated as at the drawdown date, calculated on the Eligible Loan Amount. The Eligible Loan Amount means:
 - For each NAB Term Loan 100% of the approved limit.
 - For each NAB Line of Credit, 60% of the facility credit limit.
 - For each NAB Business Overdraft, 50% of the facility limit.
- The maximum upfront commission amount payable in relation to an applicant in relation to Business Lending products (other than NAB Invoice Finance), a total of \$25,000 provided that no more than \$12,500 in total will be paid in relation to Business Overdrafts.
- Upfront Commission for a Qualifying Variation means a loan variation that involves an increase of at least \$50,000 in the principal balance of a term loan, or in the credit limit of a line of credit facility.
- Upfront commission for a loan variation is paid in accordance with the following formula: Upfront commission = UCR x NLI X Product Multiple where UCR is the Upfront Commission Rate, NLI is the Net Lending Increase and the Product Multiple is 100% of the approved limit for a NAB term loan and 60% of the facility limit for a NAB Line of Credit.
- Where the Business Loan is a NAB Finance Lease, NAB Hire Purchase, NAB Equipment Loan or NAB Novated Lease, the approved limit for the purpose of calculating commission, equals the amount financed (that is, the amount used by NAB to calculate the instalments payable)
- Net Lending Increase (NLI) is defined as:

- In the case of a variation to a NAB Term Loan, NAB Line of Credit or Business Overdraft, the net increase if any in the aggregated approved limits of all associated NAB loans (Including Term Loans, Line of Credit Facilities and Business Overdrafts). However, in the case of a variation to a NAB Term Loan, NAB Line of Credit Facility or Business Overdraft, NAB Broker may at its absolute discretion determine that it will pay a lower amount of commission, and no upfront commission will be payable at all if the NLI is less than \$50,000.

- In the case of NAB Invoice Finance facility or NAB Debtor Finance facility application (but not variation) the upfront commission paid will be an amount calculated at the upfront commission rate multiplied by the approved limit for the facility, inclusive of GST up to a maximum of \$10,000. Drawdown date means the date when the first batch of debts are purchased under the facility.

- In the case of NAB Trade Refinance Facility application (but not variation) the upfront commission paid will be an amount calculated at the upfront commission rate multiplied by the approved limit of the facility, inclusive of GST, up to a maximum of \$10,000. Drawdown date means the date which the funds are first drawdown under a loan.
- In the case of NAB Standby Letter of Credit facility application (but not variation) the upfront commission paid will be an amount calculated at the upfront commission rate multiplied by the approved limit for the facility, inclusive of any GST, up to a maximum amount of \$10,000. Drawdown date in respect of NAB Standby Letter of Credit means the date which a standby letter of credit is opened or issued under the facility.
- For a NAB Trade Finance Facility, Trail Commission is calculated for each trail commission period as follows: $C = TCR \times (A - B)$ where C = Trail Commission, TCR = Trail Commission Rate, A = Average daily debt balance of the loan account over the trail commission period. B = average daily credit balance of any interest offset account to which the loan is linked, and where the interest offset is enabled, over the trail commission period.
- For NAB Invoice Finance Facility or NAB Debtor Finance Facility application (but not a variation) NAB pay trail commission at the trail commission rate multiplied by the Purchase Charge, inclusive of GST, collected by NAB under a NAB Invoice Finance Facility Agreement or NAB Debtor Finance Facility Agreement each month.
- For NAB Import Transaction Application (but not variation) NAB will pay a trail commission, inclusive of GST at the trail rate above for the transaction collected by NAB each month.
- For NAB Export Transaction Application (but not variation) NAB will pay a trail commission, inclusive of GST at the trail rate above for the transaction collected by NAB each month.
- Entitlement to trail commission in respect of a loan automatically ceases without notice, if NAB accepts a variation application submitted by another broker.
- No Trail will be paid if the principal loan amount falls below \$10,000.
- Brokers entitlement to trail ceases without notice, during the period commencing from 45 days after the occurrence of a payment default until the default is remedied to NAB's reasonable satisfaction within 90 days after the occurrence of the payment default, brokers entitlement to trail commission will cease permanently.
- Brokers entitlement to trail ceases without notice, during any period (Hardship Period) which NAB agree, as a result of borrower's hardship, to postpone the dates on which the borrower's repayments are due under the loan or extend the loan contract term and reduce the borrower's repayment accordingly.
- Broker's entitlement to trail commission will resume if and when the hardship period ends or if a broker knowingly or recklessly gives information or a document in or supporting the application for the loan which information or document is false in a material particular or material misleading.
- If NAB suspect on reasonable grounds that a broker has committed or contributed to any systemic or widespread acts of fraud, illegality or dishonesty in relation to a loan or variation. In this circumstance, a broker's entitlement to trail will cease in relation to all loans that have been introduced.

- These NAB Business Lending commissions are paid to brokers who have been accredited by NAB Broker as a NAB Commercial Broker in accordance with NAB's accreditation rules.
- Eligible Loan Amount (except where an upfront commission is negotiated), upfront is calculated as at drawdown date Eligible loan amount for a term loan is 100% of a NAB Term loan. In the case of a variation to a NAB Term loan or business overdraft the net increase, if any, is the aggregated Approval Limits of all associated NAB loans that are Term Loans and Business Overdrafts. However, in the case of a variation to a NAB Term Loan or Business Overdraft, NAB may at its discretion determine to pay a lower amount of commission.
- Except where an upfront commission is negotiated, the maximum upfront commission amount payable in relation to a NAB Business Lending Product is \$27,500 (inclusive of GST). However, in the case of an Eligible Loan Amount that equals to or exceeds \$5 million you may request (directly, or through your relevant NAB Commercial Broker Accredited Representative) that they pay an amount of upfront commission in excess of \$27,500 (inclusive of GST). NAB will consider any such request at their discretion and advise the broker or, as relevant the brokers representative of the outcome of their consideration.
- Trail commission is calculated for each trail commission period as follows: $C = TCR \times (A - B)$ where C = Trail Commission, TCR = Trail Commission Rate, A = Average daily debt balance of the loan account over the trail commission period. B = average daily credit balance of any interest offset account to which the loan is linked, and where the interest offset is enabled, over the trail commission period.

Resimac Ultra Plus Loan Products

- Upfront commission based on a settled loan will be calculated on the debit balance of the loan account 6 calendar days after the draw down date of that settled loan.
- Upfront commission on any subsequent drawdowns on the amount of the subsequent drawdown on the date on which it was debited (I.e. amount which is equal to or greater than \$20,000 which is debited from the loan account within 12 months from the date which is 5 calendar days after the drawdown date).
- For variations to existing settled loans (excluding construction loans) where the debit balance drawn increase is of at least \$20,000 they will pay a commission on the net lending increase.

For all new settled loans and variations to existing settled loans for construction purpose, upfront commission will be calculated as follows:

- Upfront commission a settled loan at the percentage on the facility on the first settlement date.

Commission will not be paid for subsequent drawdown:

- For any term loan which is for construction purposes only; or
- For any variation of a term loan; or
- If the purpose of the subsequent draw down is not disclosed in the loan application.

For variations to existing settled loans (excluding construction loans) where the debit balance drawn increase is of at least \$20,000 they will pay a commission on the net lending increase.

Resimac Accelerate Loan Products

- Upfront commission will be calculated based on the amount settled net of offset and redraw. This applies to both new loans and increase applications (increase applications are where a new application is lodged to increase the original loan amount, and a new loan split is taken out).

Resimac Prime and Resimac Specialist Products

- The upfront payment will be based on the approved loan amount net of any redraw and offset, calculated at the end of the month in which the loan settles. This applies to both new loans and increase applications (increase applications are where a new application is lodged to increase the original loan amount, and a new loan split is taken out). Where a new loan split is not taken out (i.e. an increase on an existing loan split) no commission will be payable.
- Generally, no commission is payable on re-finance loans when the loan is re-financed internally with Resimac.
- Line of Credit loans are calculated on 75% of limit OR the actual amount drawn down at settlement, whichever is the greater.
- Upfront commission on Bridging Type Loans e.g. Go Between Loan is only payable on the end debt.
- From 1 May 2024, clawback is no longer payable on all Specialist products.
- No trail commission is paid on Monipower Line of Credit Loans and Variations.
- Brokers remain entitled to receive ongoing trail whilst licensed or an authorised Credit Representative under an active Resimac Introducer Agreement.

- Upfront commission for standard loans, including internal refinances, will be calculated as a percentage of the loan balance outstanding (less any amounts in any offset account which is linked to the loan) on the 3rd Business Day after Settlement.
- If the loan is not intended to be drawn in one amount and is for purposes of a home build, or home renovation or improvement (for example a progressive drawdown loan), on the credit limit for that loan. Payment of commission in this manner is on the provision that if the loan has not been fully drawn within 12 months of the date of payment of the Up-front Commission for that loan, St. George may require you to repay the amount of that Up-front Commission as a debt due and owing.
- If the loan is split in the same month as settlement, the loan balance outstanding (less any amounts in any offset account which is linked to the loan) on the last day of the month after Settlement.
- For Relocation Loans, on the end balance.
- No Up-front Commission is payable where a top-up or increase of the Approved Application (less any amounts in any offset account which is linked to the loan) is less than \$50,000, or for Relocation Loans with no end balance.
- Payment of Up-front Commission is on the provision that if all or part of the Up-front Commission is later considered to be Conflicted Remuneration, St.George may require you to repay it as a debt due and owing.
- Subsequent Up-front Commission is calculated on the day after the first anniversary of Settlement of a Standard Home Loan as follows:
 - Upfront percentage of the largest loan balance (less any amount in a linked offset account) at any time in the 12-month period since the settlement date; less
 - the initial upfront commission paid for that loan.
- If the calculation of Subsequent Up-front Commission for a loan is \$0.00 or less, no Subsequent Up-front Commission is payable for that loan.
- Subsequent Up-front Commission is only payable on new Standard Home Loans & Portfolio Loans (including internal refinances, but not loans under Continuing Credit Contracts, progressive drawdown loans, or top-ups or increases to existing Standard Home Loans).
-

TRAIL

- For each Commission Period, St. George will pay to the Broker a Trailing Commission with respect to each Approved Application for Approved Finance provided the loan to which the Approved Application relates:
 - has a balance outstanding both at the beginning and at the end of Commission Period for which Trailing Commission is calculated; and
 - does not, at any time during the Commission Period, have any payments which are more than 60 days overdue.
- For each Approved Application, the Trailing Commission is calculated as follows:
 - the Trailing Commission Percentage is multiplied by the Eligible Loan Balance on the last day of each Commission Period; and
 - the result of the calculation is divided by 365 (or 366 if the Commission Period falls within a year which is a leap year); and
 - the result of the calculation is multiplied by the number of days in that Commission Period.
- Trail Commission for Foreign Currency Loans will be based on the loan balance converted to Australian Dollars at the end of the month using the spot rate determined by St. George and paid monthly.
- Where a new Broker completes a top-up or increase of an Approved Application (less any amounts in any offset account which is linked to the loan) of more than \$50,000, the new Broker will take over the trail of the original loan at the Trailing Commission Percentage rate agreed with them.

Additional Information

UPFRONT

- Suncorp will calculate upfront commission based on the net drawn down loan balance on the 5th calendar day after settlement. The net drawn down loan balance includes advance payments and offset balance.
 - Suncorp will calculate a residual upfront commission 12 months after the loan has settled based on the net increase in loan utilisation. It will be determined in the following manner: After 12 months from the time the first upfront commission payment a subsequent check is undertaken. If the utilised loan amount has increased a further residual payment on the difference is to be paid. The increased utilisation can be made up of a reduction in the advance payment/redraw amount and/or a reduction in the offset balance.
 - Will not pay Residual Upfront Commission if the facility has been in arrears for 60 days or more at the end of the Residual Upfront Commission calculation period.
-
- With respect to those facilities that are merely an extension of the limit of a pre-existing settled facility, only the amount of the extension will qualify for the purpose of calculation of the facility amount and will be calculated irrespective of advance payment / redraw amount and offset balance.
 - Construction loans will continue to be calculated on the settled loan limit rather than drawn down amount and irrespective of offset balance.
 - The following are excluded from the utilisation calculation (net of Offset balance and advance payments) as well as the Residual Upfront commission payment: Line of Credit Products, Construction Loans and Add Loan / Tops Ups.
 - The combined total of the residual commission at month 12 and the commission paid at month 1 must not exceed the commission that would have been payable if the loan was fully drawn on the date which is 5 calendar days after the draw down date.
 - For Lines of Credit the facility amount shall be 75% of the total amount of the facility under calculation that is available to be drawn down by the borrower. With respect to those facilities that are merely an extension of the limit of a pre-existing settled facility, only 75% of the amount of the extension will qualify for the purpose of calculation of facility amount.

Additional Information

UPFRONT

- Upfront commission for standard loans, including internal refinances, will be calculated as a percentage of the loan balance outstanding (less any amounts in any offset account which is linked to the loan) on the 7th calendar day (business days weekends and public holidays included) post-settlement.
- If the loan is not intended to be drawn in one amount and is for purposes of a home build, or home renovation or improvement (for example a progressive drawdown loan), on the credit limit for that loan. Payment of commission in this manner is on the provision that if the loan has not been fully drawn within 12 months of the date of payment of the Up-front Commission for that loan, Westpac may require you to repay the amount of that Up-front Commission as a debt due and owing.
- No Up-front Commission is payable where a top-up or increase of the Approved Application (less any amounts in any offset account which is linked to the loan) is less than \$50,000, or for Relocation Loans with no end balance.
- Payment of Up-front Commission is on the provision that if all or part of the Up-front Commission is later considered to be Conflicted Remuneration, Westpac may require you to repay it as a debt due and owing.
- Subsequent Up-front Commission is calculated on the day after the first anniversary of Settlement of a Standard Home Loan as follows:
 - Upfront percentage of the largest loan balance (less any amount in a linked offset account) at any time in the 12-month period since the settlement date; less
 - the initial upfront commission paid for that loan.
- If the calculation of Subsequent Up-front Commission for a loan is \$0.00 or less, no Subsequent Up-front Commission is payable for that loan.
- Subsequent Up-front Commission is only payable on new Standard Home Loans & Portfolio Loans (including internal refinances, but not loans under Continuing Credit Contracts, progressive drawdown loans, or top-ups or increases to existing Standard Home Loans).

TRAIL

- For each Commission Period, Westpac will pay to the Broker a Trailing Commission with respect to each Approved Application for Approved Finance provided the loan to which the Approved Application relates:
 - has a balance outstanding both at the beginning and at the end of Commission Period for which Trailing Commission is calculated; and
 - does not, at any time during the Commission Period, have any payments which are more than 60 days overdue.
- For each Approved Application, the Trailing Commission is calculated as follows:
 - for Approved Applications for Westpac Invoice Finance, the average Eligible Loan Balance for each Commission Period; and
 - for all other Approved Applications, the Eligible Loan Balance on the last day of each Commission Period; and
 - the result of the calculation is divided by 365 (or 366 if the Commission Period falls within a year which is a leap year); and
 - the result of the calculation is multiplied by the number of days in that Commission Period.
- Where a new Broker completes a top-up or increase of an Approved Application (less any amounts in any offset account which is linked to the loan) of more than \$50,000, the new Broker will take over the trail of the original loan at the Trailing Commission Percentage rate agreed with them.

- In the case of Business Finance other than Business Overdraft or Westpac Invoice Finance or loans for construction purposes only, the Initial Up-front Commission is payable only when (if at all) the amount drawn first equals or exceeds 80% of the credit limit as at the last Business Day of a Commission Period.
- In the case of Approved Applications for loans for construction purposes only, if at the date of termination or discharge of that loan less than 95% of the credit limit has been drawn, except where a Relevant Clawback Amount is payable, the Broker must repay an amount equal to the difference between:
 - the Initial Up-front Commission for that loan paid by Westpac for that loan; and
 - the Initial Up-front Commission that would have been payable by Westpac for that loan had the credit limit for that loan at Settlement been equal to the highest amount drawn under the loan as at the last Business Day of any Commission Period prior to the date of termination.

- The Up-front Commission payable for a Business Loan or Bank Bill Business Loan is capped and will not exceed \$45,000.
- For a fixed rate Business Loan secured by residential property where the credit limit is less than \$500,000, the broker is paid 50% of the establishment fee collected by Westpac for that Approved Application.
- Where a customer of the Broker has an Approved Application relating to more than one Business Finance product but for which a single establishment fee is charged in respect of one or more of those products the Up-front Commission is based on the establishment fee collected for that Approved Application, then for the purposes of calculating the Up-front Commission the establishment fee is apportioned pro rata (according to the credit limit or amount drawn (as applicable) of each product in the Approved Application) and the Up-front Commission percentage is calculated on the relevant portion of the establishment fee.
- No caps on trail commissions apply.
- No commission is paid on any loan or facility where the credit limit is less than \$50,000.
